HT: **#PyDataMadrid**

How can you get involved?

- **Participate in a local Meetup**
 - Help share ideas and learn from each other on best practices, new approaches, and emerging technologies for data management, processing, analytics, and visualization.
 - Help organize future Meetups
- **Attend a PyData conference**
 - Money from every PyData ticket sale is donating to NumFOCUS to continue supporting open source projects
 - Volunteer! Every conference needs volunteers.
- **Donate or work with your company to sponsor a PyData Meetup, Conference, or NF**
 - If you are able to, consider donating to NumFOCUS to help further its mission
 - PyData and NumFOCUS each have corporate sponsorship opportunities
- **Have questions or want more information?**
 - Email admin@pydata.org or visit our website at numfocus.org

TL;DR: Be professional, be kind

At PyData events there is a Code of Conduct. Super short version:

- **Be kind** (all else is details),
- abstain from insulting others
- or making sexist, racist, or other exclusionary jokes,
- and do absolutely not make sexual advances to other attendees.

PyData Madrid 2022-∞!

PyData Madrid 2022-∞!

- **Give a talk**
 - Share your knowledge!
- **Propose a topic**
 - What do you want to know more about?
- **Reach out to potential speakers**
 - Sometimes people need a small nudge...!
- **Offer a venue**
 - Your company office, a coworking space... Anything with chairs, no noise, a screen, and HDMI connection
- **Sponsor some pizzas**
 - No pineapple, please ;)
